

**INQUIRY INTO GREATER SYDNEY PARKLANDS TRUST
BILL 2021**

I strongly oppose the Greater Sydney Parklands Trust Bill. Callum Park has held an important part in the community since before the first world war. Bringing to light some progressive treatments for patients, together with some abusive practices, its history is valuable towards our vicarious learning. The parklands holds value for flora and fauna, and is a very enjoyable green space for people to come together and relax. For these reasons I oppose this Bill.
