

INQUIRY INTO ANIMAL WELFARE POLICY IN NEW SOUTH WALES

Name: Ms Gaynor Gaynor

Date Received: 27 February 2022

I am appalled at the deceit being used by the Animal Justice Party. The majority of people would want puppy farms outlawed but to do it by stopping all breeding of animals is a disgrace and shows absolutely no compassion for people who love and adore their pure bred companion animals. This legislation is about driving a wedge between those who want puppy farms to end and breeders of pure bred animals. Chipping away bit by bit at people's right to own a companion animal is a disgrace and such tactics are un Australian.
